

FORM TM 8

Specific notes

- (a) You may use this form to divide a specification of goods or services, or on the basis of a geographical limitation or both, or to divide a series of marks. You cannot divide both a specification of goods or services and series of marks on the same form.*
- (b) Section 42(1) of the Trade Marks Act allows for the division of an application (rule 15 of the Trade Marks Rules also refers). This may apply, for example, where a multiclass application may not proceed because of objections arising against some of the goods or services covered by the application. In this case, the application could be divided, with part of the application proceeding to registration in respect of those goods or services which do not face objections, whilst the other part is held up until the objections are settled.*
- (c) You cannot divide a registered trade mark.*
- (d) If you are dividing a specification of goods or services then the only fee payable is the division fee. If you are dividing a series of marks then the following fees are payable — one divisional fee; a fresh application fee for each extra application created; and appropriate.*
