Submission of Applications

1. All applications for the registration of trademarks must be lodged with the Registrar of Trade Marks at the Brunei Darussalam Intellectual Property Office (BruIPO).
2. Submission of applications via fax is acceptable provided the documents transmitted are clear and legible (in particular, representations). For applications that require the payment of a fee, actual lodgement of the prescribed fee is required before such applications can be processed.

Enquiries

1. For enquiries relating to any information in this Journal, kindly contact the Office at telephone numbers +673 2225919. Hard copies of the Journal can be purchased upon request from the Office at a cost of B\$10.00 per copy.
2. The website of the Brunei Darussalam Intellectual Property Office (BruIPO) is <http://www.bruipo.gov.bn>.
3. All trademark-related enquiries via email can be submitted to enquiries@bruipo.gov.bn

Trade Mark Legislation

1. The legislation governing the registration of trademarks in Brunei Darussalam is the Trade Marks Act (Cap 98) while the subsidiary legislation is the Trade Marks Rules, 2000.
2. The hard copies of the legislation can be purchased from: Print Plus Sdn Bhd Prime Minister's Office Jalan Airport Lama Bandar Seri Begawan BB3510 Brunei Darussalam Tel: 238 2541
3. The soft copies of the legislation can be obtained from www.bruipo.gov.bn

Forms and Fees

1. For any proceedings before the Registry, the prescribed form to be used and the accompanying fee payable shall be in accordance with the First and Second Schedule of the Trade Marks Rules, 2000.
2. Payment by cheque should be made out to 'THE GOVERNMENT OF BRUNEI DARUSSALAM'.

'INID' NUMBERS IN USE ON BRUNEI TRADE MARK DOCUMENTS

'INID' is an acronym for 'Internationally agreed Numbers for the Identification of Data'

- (100) Data concerning the registration/renewal
 - Date of the registration/renewal
 - (151) Date of the registration
 - (156) Date of the renewal
 - Related registration numbers
 - (161) Earlier registration number(s) of the renewed registration
 - (171) Expected duration of the registration
 - (176) Expected duration of the renewal
 - (180) Expected expiration date of the registration/renewal
- (200) Data concerning the application
 - (210) Serial number of the application
 - (220) Date of filing of the application
 - (270) Language(s) of the application
- (300) Data relating to priority under the Paris Convention and other data relating to registration of the mark in the country of origin
 - (310) Serial number assigned to the first application
 - (320) Date of filing of the first application
 - (350) Indication of seniority claimed from earlier mark(s)
- (500) Various information
 - Goods and/or services
 - (510) List of goods and/or services, if not classified
 - (511) The International Classification of Goods and Services for the Purposes of the Registration of Marks (Nice Classification) and the list of goods and services classified according thereto
 - Indications regarding the use of the mark
 - (526) Disclaimer
 - (527) Indications regarding use requirements
 - (531) International Classification of the Figurative Elements of Marks (Vienna Classification)
 - (541) Reproduction of the mark when the mark is represented in standard characters
 - (550) Indication relating to the nature or kind of mark
 - (558) Mark consisting exclusively of one or several colors
 - (561) Transliteration of the mark
 - (566) Translation of the mark or of words contained in the mark
 - (571) Description of the mark
 - (580) Date of recording of any kind of transaction in the Register (e.g., change in ownership, change in name or address, renunciation, termination of protection)
 - (591) Information concerning colors claimed

- (700) Information concerning parties concerned with the application/registration
- (730) Name and address of the applicant or the holder of the registration
- (740) Name and address of the representative
- (750) Address for correspondence
- (770) Name and address of the previous holder (in case of change in ownership)
- (791) Name and address of the licensee
- (793) Indication of conditions and/or restrictions under the license

(800) Certain data relating to the international registration of marks under the Madrid Agreement Concerning the International Registration of Marks and the Protocol Relating to that Agreement

Data concerning entitlement

- (811) Contracting State of which the holder is a national
- (812) Contracting State or Contracting Organization in the territory of which the holder has a real and effective industrial or commercial establishment
- (813) Contracting State or Contracting Organization in the territory of which the holder has his domicile
- (814) Contracting Party in the territory of which the new holder fulfills the conditions to be the holder of the international registration.

Data concerning the basic application or the basic registration

- (821) Basic application
- (822) Basic registration

Data concerning the Contracting Parties covered by the international registration, the renewal or a change

- (831) Designations under the Madrid Agreement
- (832) Designations under the Madrid Protocol
- (833) Interested Contracting Parties
- (834) Designation(s) under the Madrid Protocol by virtue of Article 9sexies

Various information

- (841) State of which the holder is a national
- (842) Legal nature of the holder (legal entity) and State, and, where applicable, territory within that State where the legal entity is organized

Data concerning the limitation of the list of goods and services

- (851) Limitation of the list of goods and services

Data concerning refusal of protection and invalidation

- (861) Total refusal of protection
- (862) Partial refusal of protection
- (863) Effective date of invalidation
- (864) Total invalidation
- (865) Partial invalidation
- (866) Provisional refusals notified without an indication of the products/services concerned (Rule 18(1)(c)(iii))

Data concerning a change in respect of the international registration

- (871) Number of the assigned part of the international registration
- (872) Numbers of the international registrations which have been merged
- (873) Number of the international registration resulting from the merger
- (874) New name and/or address of the holder

Data concerning replacement, division or merger

- (881) Number(s) and date(s) of national or regional registration(s) replaced by an international registration and Contracting Party concerned (Article 4bis of the Madrid Agreement and Article 4bis of the Protocol)
- (882) Date and number of the basic application, the registration resulting therefrom or the basic registration which is the subject of the division or merger
- (883) Data concerning the basic application, the registration resulting therefrom or the basic registration resulting from the division or merger

Data concerning subsequent designations

- (891) Date of subsequent designation (Rule 24(6) of the Common Regulations)

Cl.09. Computers; quantum computers; computer hardware and computer software; Computer hardware and computer software for information technology analysis and data management; computer hardware and computer software for application development; computer hardware and computer software for cloud computing; computer hardware and computer software for cognitive computing; computer hardware and computer software for artificial intelligence; computer hardware and computer software for blockchain technology; computer hardware and computer software for quantum computing and quantum programming; computer hardware, namely magnetic band units (data-processing), magnetic tapes, printed circuits, integrated circuits, computer keyboards, compact disks (audio-video), optical disks, computing couplers (data processing), diskettes, magnetic data carriers; computer hardware, namely video screens, scanners (data processing equipment), printers, interfaces (data processing), readers (data processing), software (recorded programs), microprocessors, modems, monitors, computers, computer memories, computer peripherals; adapters for computers; components for computers; data processing equipment; data processing apparatus for data and information management; semiconductors; machine readable electronic media; magnetic disks; disk drives; tape recorders; calculating machines; cash registers; facsimile machines; video recorders; video tapes; electric batteries; computer chips; circuit boards; computer hardware, namely, communications computing servers; computer carrying cases; computer interface boards; computer cables and computer cable parts; computer fax modem cards; computer accessories, namely, screen filters, mouse pads, radio pagers, joysticks; power converters, namely, digital-to-analog, analog-to-digital and step-by-step voltage switches; computer mice; integrated circuit cards and smart cards, integrated circuit adapters and smart card adapters; readers for integrated circuit cards and smart cards; microcomputers; electrical power supplies; projectors; remote controls for computers; surge protectors and uninterrupted power supplies; point of sale terminals; computer servers; computer storage devices, namely, high-speed storage subsystems for storage and backup of electronic data either locally or via a telecommunications network; recorded and downloadable computer programs and computer software; video game software; computing operating system software and programs; computer software used for accessing a global computer network; computer software used for document management; computer software used for data base management; computer software used for locating, retrieving and receiving text, electronic documents, graphics and audiovisual information on enterprise-wide internal computer networks and local and wide-area global computer networks; computer software used for software development and web authoring and user manuals in electronic format sold as a unit with these products; computer software for use in controlling the operation and execution of computer systems, programs, and networks; computer software for use in connecting disparate computer networks and systems, computer servers and storage devices;

computer software for linking together computers and for enabling computing across a globally accessible network; computer software for managing systems, software and processes that exist within an information technology environment; computer systems combining computer hardware and software for use in management and analysis of data and digital instructional manuals sold as a unit with these products; cloud computing system, namely network integrating computer hardware and software for dynamic provisioning, virtualization, and consumption metering of computer resources; recorded or downloadable cloud-computing software for deploying and managing virtual machines to a cloud computing platform; computer systems, namely, computer hardware and computer software for developing and integrating artificial intelligence, namely, machine learning, deep learning and natural language processing which is capable of collecting, organizing and analyzing data; computer systems, namely, computer hardware and computer software for integrating Natural Language Processing (NLP), Computational Linguistics (CL), Information Retrieval (IR) and Machine Learning (ML) which is capable of understanding general human queries and formulating responses; computer software for developing, building and operating blockchain applications; computer hardware and computer software for developing and testing quantum algorithms; documentation and instruction manuals recorded on machine-readable electronic media and relating to computers or computer programs; electronic publications, downloadable; electronic publications on computer media, namely, user manuals, guides, brochures, information sheets, written presentations and teaching materials, in the field of computer, computer network, computer storage, computer operating systems, information technology, database management, cloud computing, artificial intelligence, blockchain technology and quantum computing.

Cl.35. Advertising; Sales promotional services for third parties); business management and management consultancy; business information; distribution of prospectuses; distribution of samples; arranging newspaper subscriptions for others; accounting; document reproduction; systematization of data in a central file; organization of exhibitions for commercial or advertising purposes; business management consulting services and business consulting services; business development service; analysis of market research data and statistics; electronic data processing; data processing services for artificial intelligence; data processing services for cognitive computing; data processing services for cloud computing; data processing services for blockchain technology; data processing services for information management; data processing services for quantum computing and quantum programming; arranging and conducting trade show exhibitions in the field of computers, computer services, information technology, artificial intelligence, cloud computing, blockchain technology, quantum computing, database management, telecommunications and electronic business transactions via a global computer network; business consulting services for artificial intelligence; business consulting services for computer systems that integrate Natural Language Processing (NLP), Computational Linguistics (CL), Information Retrieval (IR) and Machine Learning (ML) which is capable of understanding general human queries and formulating responses; business consulting services for companies relating to cloud computing; business consulting services for companies relating to blockchain technology; business consulting services for companies relating to quantum computing, quantum programming and for developing and testing quantum algorithms; business consulting services for companies relating to information technology; analyzing and compiling business data; systemization of data in computer databases; business advice for companies with a view to use of computer hardware; business management consultation in the field of information technology; Business consulting services; arranging and conducting incentive reward programs for businesses and professionals to promote and reward business performance, productivity and recognition; arranging and conducting incentive reward programs to promote the sale of information technology; providing incentive award programs for businesses and professionals through the distribution of loyalty points for the purpose of promoting and rewarding loyalty; arranging and conducting incentive award programs for customers and businesses and professionals; providing business information via a website.

Cl.41. Education; entertainment; training; organization and conducting of conferences, seminars and congresses; exhibition services for cultural or educational purposes; production of radio or television

programs; sporting and cultural activities; educational services, namely, organizing and conducting classes, seminars, conferences, webinars and workshops in the field of computers, computer services, information technology, artificial intelligence, cloud computing, blockchain technology, quantum computing, database management, image and audio processing technology, telecommunications and computers global networks; training in the field of computers, computer services, information technology, artificial intelligence, cloud computing, blockchain technology, quantum computing, database management, image and audio processing technology, telecommunication and global computer networks; conducting entertainment exhibitions in the nature of information technology demonstrations; entertainment services, namely, providing on-line computer games; Organizing and conducting sports events, namely, real-time athletic competitions via a global computer network; conducting entertainment exhibitions, namely, providing demonstrations on web-sites featuring museum exhibitions, sporting events, art gallery exhibitions, concerts, and musical recordings; editing of books and journals; show and film production; conducting of exhibitions for cultural or educational purposes; booking of seats for shows; providing training in the fields of information technology, business management, entrepreneurship, and professional development; business training; business training in the field of information technology; teaching and training in business, industry and information technology; arranging and conducting of training courses in the fields of business management, entrepreneurship, professional development, and information technology; business education and training services, namely, providing business training, business education, entrepreneurship training, and professional development programs to independent resellers, independent sales professionals and information technology professionals; educational services, namely, conducting classes, seminars, conferences, and workshops in the fields of information technology, business management, entrepreneurship, and professional development to information technology professionals, independent resellers and independent sales professionals, and distribution of training materials in connection therewith; organization and conducting of educational conferences and social entertainment events.

Cl.42. Computer programming; Software as a service (SaaS) services featuring software for data management; software as a service (SaaS) services featuring software for cloud computing; software as a service (SaaS) services featuring software for artificial intelligence; software as a service (SaaS) services featuring software for cognitive computing; software as a service (SaaS) services featuring software for blockchain technology; software as a service (SaaS) services featuring software for quantum computing and quantum programming; software as a service (SaaS) services featuring software for constructing, analyzing and running quantum programs and quantum algorithms; software as a service (SaaS) services featuring software for developing and testing quantum algorithms; computer programming services and computer consulting services for artificial intelligence; computer programming services and computer consulting services on cognitive computing; computer programming services and computer consulting services on information management; computer programming services and computer consulting services for data management; computer programming services and computer consulting services for cloud computing; computer programming services and computer consulting services for blockchain technology; computer programming services and computer consulting services for quantum computing; computer programming services and computer consulting services for software as a service (SaaS); design, installation, updating and maintenance of computer software; computer software and hardware design for others, and technological consultation services; technical support services, namely, troubleshooting of computer program and software problems; computer services, namely, design, creation and maintenance of websites for others; computer systems analysis, data base and network integration, computer programming for others all for use in commercial interactions over global computer networks; design of systems for interconnection of computer hardware and software, namely, electronic connection of computers and software to each other; computer software and hardware testing services (quality and technical controls); technical project studies in the field of computer hardware and software; consultancy services in the field of computer hardware, namely consultancy regarding computing research and development; computer advice and assistance concerning Internet use; rental of computers and computer software; scientific and

industrial research, namely research and development of new products, biological research, research in bacteriology, research in chemistry, research in beauty care, research in mechanics, geological research, technological research, pharmaceutical research, scientific research for medical purposes; information technology [IT] consultancy; computer systems integrations services; consulting services in the field of design, selection, implementation and use of computer hardware and software systems for others; technical support services, namely, troubleshooting in the nature of diagnosing computer software problems; computer system design services for others; design of systems for interconnection of computers and computer programs, namely, integration of computer systems and computer networks; computer software and hardware testing services, namely, testing of computer software, computers and servers to assure proper functioning; cloud computing services, namely, network integrated computer hardware and software services for dynamic provisioning, virtualization, and consumption metering of computer resources; providing virtual computer systems and virtual computer environments through cloud computing; design and development of computer software for cloud storage of data; cloud hosting provider services; electronic data storage and data recovery services; data security services; computing assistance relating to computer programs provided by programmers; design of computer hardware for computer networks; Providing information relating to information technology via a website.

sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, which are used, including, but not limited to, execution of transactions of crypto assets for the purposes of purchase/sale of services in the above-mentioned area through electronic communications networks; downloadable electronic multimedia files and data, namely video files, audio files, image files and text files for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, which are used as part of the processes of implementation, management, maintenance, support, monitoring and control of the functioning process of the B2B (business-to-business) computer software platform for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; computer software, computer programs and computer software applications (recorded or downloadable) for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, which allows users of the appropriate B2B (business-to-business) computer software platform to carry out the process of implementation, management, maintenance, support, monitoring and control of business activities regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, namely by executing orders and further tracking the processing status and history of business operations using a global computer network; computer software, computer programs and computer software applications (recorded or downloadable) for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, which allows users of the appropriate B2B (business-to-business) computer software platform to carry out the process of implementation, management, maintenance, support, monitoring and control of business activities regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, namely by initiation of financial transactions, their authentication and security control, further monitoring of account statements, processing status and history of payments, integration and setting up the payment solutions and payment methods for the purposes of purchase/sale of services in the above-mentioned area; complex CMS systems (Content Management System) being computer software, computer programs and computer software applications (recorded or downloadable) for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, which allows users of the appropriate B2B (business-to-business) computer software platform to carry out the process of implementation, management, maintenance, support, monitoring and control of business activities regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, namely by managing of online promotion and advertising processes, including, but not limited to, through the creation, editing, customization, language and geographic localization and personalization of content, optimization of search engines and websites, creation, editing, customization, language and geographic localization and personalization of targeted and retargeted online advertising and its further distribution by electronic communications networks; complex CRM (Customer Relationship Management) systems being computer software, computer programs, computer operating programs and computer software applications (recorded or downloadable) for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, which allows users of the appropriate B2B (business-to-business) computer software platform to carry out the process of implementation, management, maintenance, support, monitoring and control of business activities regarding online portals for placing bets on various events, including, but not

limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, namely by managing of social interactions between people related to business relationships, including, but not limited to, through the collecting and recording contact information of buyers, sellers and third parties, transmission of messages and establishing communication between sellers and buyers, setting up the 24-hour multi-lingual communication between buyers, sellers and technical support service for the purposes of eliminating technical malfunctions and solving problems of a different nature; computer software, computer programs and computer software applications (recorded or downloadable) for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, which allows users of the appropriate B2B (business-to-business) computer software platform to carry out the process of implementation, management, maintenance, support, monitoring and control of business activities regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, namely by managing of marketing processes, including, but not limited to, through the collection, structuring and analysis of customers data, their preferences and behavior, the level of loyalty based on their segmentation by demographic, geographic and other indicators for the purposes of forming a pricing system, collection, structuring and analysis of detailed statistics and electronic reporting concerning marketing data regarding sales efficiency and conversion, control of cash flows, operational indicators and other data using any metrics; complex back office systems being computer software, computer programs and computer software applications (recorded or downloadable) for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, which allows users of the appropriate B2B (business-to-business) computer software platform to carry out the process of implementation, management, maintenance, support, monitoring and control of business activities regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, namely by managing of internal processes, including, but not limited to, through the analysis of available databases with the information data and the list of complex and individual offers, available for implementation in the above-mentioned area; computer software, computer programs and computer software applications (recorded or downloadable) for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, which allows users of the appropriate B2B (business-to-business) computer software platform to carry out the process of implementation, management, maintenance, support, monitoring and control of business activities regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, namely by creating incentive systems and loyalty programs for the purposes of increasing the involvement, maintaining the interest of players and their retention, including, but not limited to, through the setting up the bonus tools, typical for the above-mentioned area, including, but not limited to, welcome bonus, deposit bonus, jackpots, consolation prizes, promo codes, free spins, free bets, bet refunds, progressive multipliers, cashback systems, achievement bonuses, completing challenges, participating in tournaments; computer software, computer programs and computer software applications (recorded or downloadable) for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, which allows users of the appropriate B2B (business-to-business) computer software platform to carry out the process of implementation, management, maintenance, support, monitoring and control of business activities regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos,

electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, namely by creating of personalized partner and agent networks, setting up the conditions and amounts of payment of commissions and partnership deductions, collection, structuring and analysis of statistical data and reporting about the aspects of functioning process of relevant networks, setting up the 24-hour multi-lingual communication between network participants; computer software, computer programs, computer operating programs and computer software applications (recorded or downloadable), namely the complex API interfaces for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, which allows users of the appropriate B2B (business-to-business) computer software platform to carry out the process of integration of the new structural components into the existing business in the field of online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; complex B2B (business-to-business) computer software platform for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, recorded or downloadable, in the form of a turnkey technological solution, containing one or more applications with functional and graphical elements for the implementation, management, maintenance, support, monitoring and control of business activities regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; computer software, computer programs, computer operating programs, computer software platforms and computer software applications (recorded or downloadable) for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, which is intended for the providing transmission of multimedia files, namely video files, audio files, image files and text files between users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; computer software, computer programs, computer operating programs, computer software platforms and computer software applications (recorded or downloadable) for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, which is intended for the providing the streaming process (via wireless means) of electronic multimedia data, namely video data and text data for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; computer software, computer programs, computer operating programs, computer software platforms and computer software applications (recorded or downloadable) for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, which is intended for the providing the possibility of making a request for receipt and subsequent receipt of electronic multimedia data, namely video data and text data for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; computer software, computer programs, computer operating

programs, computer software platforms and computer software applications (recorded or downloadable) for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, which is intended for the generating and displaying the game sessions results, coefficients, chances of occurrence of one or another situation, the amount of winnings and other financial statistics for the online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player.

Cl.35. Advertising; business organization and administration; office functions; administrative assistance in responding to requests for proposals [RFPs]; administrative assistance in responding to calls for tenders; administrative processing of purchase orders; administration of consumer loyalty programs; cost price analysis; business auditing; financial auditing; outsourced administrative management for companies; accounting; negotiation of business contracts for others; market studies; opinion polling; invoicing; arranging subscriptions to telecommunication services for others; payroll preparation; demonstration of goods; business inquiries; business management assistance; commercial or industrial management assistance; advisory services for business management; business research; economic forecasting; providing user reviews for commercial or advertising purposes; providing business information via a website; providing business information; providing commercial and business contact information; providing commercial information and advice for consumers in the choice of products and services; providing user ratings for commercial or advertising purposes; compilation of information into computer databases; compilation of statistics; web indexing for commercial or advertising purposes; interim business management; commercial administration of the licensing of the goods and services of others; computerized file management; personnel management consultancy; business management consultancy; consultancy regarding advertising communication strategies; consultancy regarding public relations communication strategies; business organization consultancy; marketing; influencer marketing; marketing in the framework of software publishing; targeted marketing; marketing research; typing; provision of an online marketplace for buyers and sellers of goods and services; writing of curriculum vitae for others; writing of publicity texts; scriptwriting for advertising purposes; word processing; updating of advertising material; updating and maintenance of data in computer databases; updating and maintenance of information in registries; organization of exhibitions for commercial or advertising purposes; organization of trade fairs; organization and conduction of various events, promotions, media promotions, campaigns, polls, contests and presentations for commercial or advertising purposes; rental of advertising space; business appraisals; personnel recruitment; business management and organization consultancy; business intermediary services relating to the matching of potential private investors with entrepreneurs needing funding; business efficiency expert services; outsourcing services (business assistance); competitive intelligence services; corporate communications services; layout services for advertising purposes; appointment reminder services (office functions); data processing services (office functions); website traffic optimization; price comparison services; preparation of business profitability studies; market intelligence services; photocopying services; procurement services for others (purchasing goods and services for other businesses); media relations services; appointment scheduling services (office functions); gift registry services; business consulting services for digital transformation; lead generation services; business intermediary services relating to the matching of various professionals with clients; advertising services to create brand identity for others; public relations; commercial lobbying services; commercial intermediation services; data search in computer files for others; sponsorship search; search engine optimization for sales promotion; presentation of goods on communication media, for retail purposes; conducting of commercial events; rental of billboards (advertising boards); publicity material rental; rental of advertising time on communication media; publication of publicity texts; registration of written communications and data; pay per click advertising; outdoor advertising; online advertising on a computer network; distribution of samples; dissemination of advertising matter; development of advertising concepts; business investigations; systemization of

information into computer databases; drawing up of statements of accounts; compiling indexes of information for commercial or advertising purposes; consumer profiling for commercial or marketing purposes; sales promotion for others; promotion of goods and services through sponsorship of sports events; promotion of goods through influencers; production of advertising films; transcription of communications (office functions); negotiation and conclusion of commercial transactions for third parties; professional business consultancy; the bringing together, for the benefit of others, of a variety of goods, enabling customers to conveniently view and purchase those goods via websites and advertising information regarding the list of provided services via Internet webpages and websites, which allows customers to conveniently view, order, purchase these goods and order the services from the webpages and websites on the Internet, as well as receive the necessary information about these goods or provided services; advertising for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; advertising of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player - for third parties, which are not members of the above-mentioned computer software platform; business organization and administration for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; office functions for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; administrative assistance in responding to requests for proposals (RFPs) for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; administrative assistance in responding to calls for tenders for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; administrative processing of purchase/sale orders for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games,

lotto, lotteries, games where the result depends on mastery, skill of the player; administration of consumer loyalty programs for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; cost price analysis for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; business auditing for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; financial auditing for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; outsourced administrative management for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; accounting for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; negotiation of business contracts for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional spoils, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; market studies for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; opinion polling for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic

gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; invoicing for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; arranging subscriptions to telecommunication services for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; payroll preparation for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; demonstration of goods/services for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; demonstration of manufactured goods and/or provided services of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player - for third parties, which are not members of the above-mentioned computer software platform; business inquiries for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; business management assistance for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; commercial or industrial management assistance for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; advisory services for business management for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events,

including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; business research for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; economic forecasting for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; providing of reviews for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, for commercial or advertising purposes; providing of reviews from users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, for commercial or advertising purposes; providing business information via a website for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; providing business information for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; providing commercial and business contact information for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; providing commercial and business contact information of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; providing commercial information and advice for users of the B2B (business-to-business) computer software

platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, regarding the choice of goods/services; providing commercial information and advice in the choice of products and services based on the collected opinion of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; providing of ratings for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, for commercial or advertising purposes; providing of ratings from users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, for commercial or advertising purposes; compilation of information into computer databases for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; compilation of statistics for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, for commercial or advertising purposes; interim business management for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, for commercial or advertising purposes; web indexing for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, for commercial or advertising purposes; publication of publicity texts of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; registration of written communications and data for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; pay per click advertising for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; pay per click advertising of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player - for third parties, which are not members of the above-mentioned computer software platform; outdoor advertising for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; outdoor advertising of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not

limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player - for third parties, which are not members of the above-mentioned computer software platform; online advertising on a computer network for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; online advertising on a computer network of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player - for third parties, which are not members of the above-mentioned computer software platform; distribution of samples for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; distribution of samples of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player - for third parties, which are not members of the above-mentioned computer software platform; dissemination of advertising matter for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; dissemination of advertising matter of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player - for third parties, which are not members of the above-mentioned computer software platform; development of advertising concepts for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; business investigations for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; systemization

of information into computer databases for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; drawing up of statements of accounts for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; compiling indexes of information for commercial or advertising purposes for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; consumer profiling for commercial or marketing purposes for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; sales promotion for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; promotion of manufactured goods and/or provided services of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, through sponsorship of sports events - for third parties, which are not members of the above-mentioned computer software platform; promotion of manufactured goods and/or provided services of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, through influencers - for third parties, which are not members of the above-mentioned computer software platform; production of advertising films for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; transcription of communications (office functions) for users of the B2B (business-to-business) computer software platform, which is intended

for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; negotiation and conclusion of commercial transactions for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; professional business consultancy for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; the bringing together of the commercial information regarding the list of provided goods/services in the sphere of implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, enabling buyers, sellers and third parties to conveniently view and purchase those goods/services via B2B (business-to-business) computer software platform, as well as receive the necessary information about these goods/services (including the advertising information) via Internet webpages and websites.

Cl.38. Telecommunications services; providing access to databases; providing information in the field of telecommunications; providing Internet chatrooms; providing online forums; video-on-demand transmission; transmission of electronic mail; computer aided transmission of messages and images; transmission of digital files; message sending; streaming of data; wireless broadcasting; telecommunications services for providing access to the B2B (business-to-business) computer software platform and related electronic multimedia data (video files, audio files, image files and text files), which are intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, using personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet; providing information in the field of telecommunications, which is used in the implementation, management, maintenance, support, monitoring and control of the functioning process regarding the B2B (business-to-business) computer software platform for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, using personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet; providing access to secured and personalized electronic accounts of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games,

lotto, lotteries, games where the result depends on mastery, skill of the player, using personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, including, but not limited to, information about the contact details and requisites of customers, list of completed business operations and the processing status of current orders, statements of accounts, list of completed contactless payments and the processing status of contactless payments regarding the purchase/sale of services in the above-mentioned area, available payment solutions and payment methods, detailed statistics and electronic reporting concerning marketing data and advertising promotion data, list of provided services and their language and geographic localization and personalization, available loyalty, incentive, bonus, affiliation, agent programs and other special offers; providing access to information databases for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, using personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, including, but not limited to, list of available complex and individual offers in the above-mentioned area, back office tools, including, but not limited to, collection and analysis of detailed statistics and reporting using any metrics, control of cash flows, operational indicators and other financial data, marketing tools, CMS and CRM systems; providing 24-hour multi-lingual communications services, namely, providing internet chatrooms and online forums (including individual) for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, using personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet; providing 24-hour multi-lingual communications services, namely, providing internet chatrooms and online forums (including individual), data communication by email and provision of telecommunications connections for hotlines to connect users and the technical support service of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, using personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet; data transmission for others relating to processing status of contactless payments, administration, authentication and security control of contactless payments regarding the purchase/sale of services in the above-mentioned area, features and aspects of the implementation of available complex and individual offers in the above-mentioned area, back office and marketing tools, including, but not limited to, loyalty, incentive, bonus, affiliation, agent programs and other special offers, CMS and CRM systems, setting up, updating, optimization and troubleshooting in the functioning of all platform components; telecommunications services, related to ensuring the upload of multimedia files, namely video files, audio files, image files and text files for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, using personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet; streaming of

multimedia data (via wireless means), namely, streaming of video data and text data for users of the B2B (business-to-business) computer software platform,, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, using personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, including, but not limited to, live broadcasts of events and the game sessions process, statistical data regarding the list of events, coefficients, chances of occurrence of one or another situation, the amount of winnings, other financial statistics, as well as the results of current events and game sessions; telecommunications services, related to providing access for receiving electronic multimedia data on demand, namely video data and text data for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, using personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, including, but not limited to, broadcasts of events and the game sessions process that have already taken place, statistical data regarding the list of events, coefficients, chances of occurrence of one or another situation, the amount of winnings, other financial statistics, as well as the results of current events and game sessions that have already taken place.

Cl.42. Technological services and research and design relating thereto; authentication services; design and development of computer software; computer system analysis; recovery of computer data; off-site data backup; research and development of new products for others; research in the field of telecommunications technology; duplication of computer programs; electronic data storage; electronic monitoring of personally identifying information to detect identity theft via the Internet; electronic monitoring of credit card activity to detect fraud via the Internet; providing virtual computer systems through cloud computing; providing information relating to computer technology and programming via a website; providing search engines for the Internet; installation of computer software; information technology services provided on an outsourcing basis; computer programming; conversion of computer programs and data, other than physical conversion; computer technology consultancy; telecommunication network security consultancy; telecommunications technology consultancy; Internet security consultancy; data security consultancy; information technology (IT) consultancy; computer software consultancy; computer security consultancy; website design consultancy; monitoring of computer systems for detecting unauthorized access or data breach; monitoring of computer systems to detect breakdowns; monitoring of computer systems by remote access; writing of computer code; maintenance of computer software; updating of computer software; platform as a service (PaaS); user authentication services using technology for e-commerce transactions; user authentication services using single sign-on technology for online software applications; computer programming services for data processing; software engineering services for data processing; hosting computer websites; data encryption services; technological consulting services for digital transformation; conducting technical project studies; software as a service (SaaS); computer software design; design of prototypes; rental of web servers; rental of computer software; rental of data centre facilities; development of computer platforms; software development in the framework of software publishing; technical writing; creating and maintaining websites for others; creating and designing website-based indexes of information for others (information technology services); technological consultancy; server hosting; technological services and research and design, which are related to computer software, computer programs, computer operating programs, computer software platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices,

connected to the Internet, and their usage by users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; authentication services for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; design and development of computer software, computer programs, computer operating programs, computer software platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, for their further usage by users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; computer system analysis for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; computer system analysis of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; recovery of computer data of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; off-site backup of data of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; research and development of new products for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; research in the field of telecommunications technology for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning

process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; duplication of computer software, computer programs, computer operating programs, computer software platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, for their further usage by users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; electronic storage of data of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; electronic monitoring of personally identifying information to detect theft of data of users of the B2B (business-to-business) computer software platform via the Internet, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; electronic monitoring of credit card activity to detect fraud relating to personal data, including financial data of users of the B2B (business-to-business) computer software platform via the Internet, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; providing virtual computer systems through cloud computing for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; providing information relating to computer technology and programming via a website for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; providing search engines for the Internet for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; installation of computer software, computer programs, computer operating programs, computer software platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones,

tablet computers, other smart devices, connected to the Internet, for their further usage by users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; information technology services provided on an outsourcing basis for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; computer programming for the purposes of further creating of computer software, computer programs, computer operating programs, computer software platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, and their usage by users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; conversion of computer software, computer programs, computer operating programs, computer software platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, as well as data of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, other than physical conversion; computer technology consultancy for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; consultancy regarding security of data of users of the B2B (business-to-business) computer software platform in telecommunication networks, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; telecommunications technology consultancy for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; Internet security consultancy for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-

sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; security consultancy of data of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; information technology (IT) consultancy for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; consultancy regarding computer software, computer programs, computer operating programs, computer software platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; computer security consultancy for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; website design consultancy for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; monitoring of computer systems for detecting unauthorized access or breach of data of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; monitoring of computer systems to detect breakdowns for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; monitoring of computer systems by remote access for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games,

lotto, lotteries, games where the result depends on mastery, skill of the player; writing of computer code for the purposes of further creating of computer software, computer programs, computer operating programs, computer software platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, and their usage by users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real spoils events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; maintenance of computer software, computer programs, computer operating programs, computer software platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, for their further usage by users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; updating of computer software, computer programs, computer operating programs, computer software platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, for their further usage by users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; platform as a service (PaaS) for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, for its usage by users of the B2B (business-to-business) computer software platform for the purposes of implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; authentication services for users of the B2B (business-to-business) computer software platform using technology for e-commerce transactions regarding services in the sphere of functioning of online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; authentication services for users of the B2B (business-to-business) computer software platform using single sign-on technology for computer software, computer programs, computer operating programs, computer software platforms and computer software applications in online mode for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, for their further usage for the purposes of implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; computer programming services for processing of data of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not

limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; software engineering services for processing of data of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; hosting computer websites for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; encryption services of data of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; technological consulting services for digital transformation for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; conducting technical project studies for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; conducting technical project studies of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player - for third parties, which are not members of the above-mentioned computer software platform; software as a service (SaaS) for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, for its usage by users of the B2B (business-to-business) computer software platform for the purposes of implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; design of computer software, computer programs, computer operating programs, computer software platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, for their further usage by users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on

various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; design of prototypes of computer software, computer programs, computer operating programs, computer software platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, for their further usage by users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; rental of web servers for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; rental of computer software, computer programs, computer operating programs, computer software platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, for their further usage by users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; rental of data center facilities, reserved for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; development of computer software, computer programs, computer operating programs, computer software platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, for their further usage by users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; development of computer software, computer programs, computer operating programs, computer software platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, for their further usage by users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, in the framework of software publishing; technical writing for the purposes of further creating of computer software, computer programs, computer operating programs, computer software platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones, tablet

computers, other smart devices, connected to the Internet, and their usage by users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; creating and maintaining websites for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; creating and designing website-based indexes of information for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; technological consultancy for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; server hosting for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; providing of an online B2B (business-to-business) computer software platform for third parties, buyers and sellers of goods/services regarding the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player.

Animal washes [insecticides]; dental cements; disinfectants for hygiene purposes; hand sanitizer gel; antibacterial handwashes; disinfectants; medical dressings; surgical glues; chemical preparations for medical purposes; biological preparations for medical purposes; bone cement for surgical and orthopedic purposes; styptic preparations; medicinal extract; chemical preparations for pharmaceutical purposes; adhesive patches for medical use; diagnostic preparations for medical purposes.

Cl.10. Nebulizers for medical purposes; catheters; needles for medical purposes; medical apparatus and instruments; biodegradable bone fixation implants; surgical apparatus and instruments; hemostatic suture instruments; syringes for injections; medical and surgical scalpel used for cutting human or animal tissues and organs; artificial surgical graft; suture materials; suture needles; sterilized medical instruments; suture line.

Cl.35. Advertising; online advertising on a computer network; providing commercial and business contact information; commercial administration of the licensing of the goods and services of others; procurement services for others [purchasing goods and services for other businesses]; provision of an online marketplace for buyers and sellers of goods and services; web indexing for commercial or advertising purposes; retail or wholesale services for medical supplies; retail and wholesale services for pharmaceuticals; retail services for pharmaceutical, veterinary and sanitary preparations and medical supplies.

Cl.01. Chemicals used in industry and science, as well as in agriculture, horticulture and forestry;

hydrogen; oils for brakes; chemical additives for oils; oils for hydraulic suspensions [hydraulic fluids]; chemical additives for oils; oils for hydraulic circuits [hydraulic fluids]; oils for hydraulic cushions [hydraulic fluids]; stabilizers [chemical additives] for oils; chemical additives for industrial oils; chemicals in the form of water soluble tanning oils; chemical catalysts for use in synthesis gas and olefin purification; engine coolants; antifreezes; additives for frost protection; additives used as antifreeze mixtures; additives for exhaust gas aftertreatment in internal combustion engines.

Cl.04. Fuels and lubricants for internal combustion engines; industrial oils; industrial greases; fuels [including motor spirit]; oils and greases for automobiles; motor oils.

Cl.07. Motors and their parts; drives and their parts; machine parts and controls for the operation of machines and engines; electricity generators; pumps, electric; pumps [machines]; electric compressors; compressors [machines]; centrifugal blowers; rotary blowers; axial flow blowers; construction machines and their parts; fuel dispensing pumps for fuel stations; hydrogen dispensing pumps for fuel stations; air hoses for pneumatic tires, in particular for trucks; engines for ships, for on-board power generation and for stationary power plants, in particular two-stroke and four-stroke diesel engines, four-stroke diesel gas and gas Otto engines and their parts, in particular mixture devices (machines), shafts, gears, couplings; engines for ships; current generators; hand-held tools (other than hand-operated) for engine maintenance; exhaust gas turbochargers and turbines (excluding those for land-based vehicles) and parts thereof; gearboxes for vehicles (except land vehicles); land-based and floating power plants with diesel and diesel gas engines; compressors and turbines (not for land vehicles), in particular axial compressors, centrifugal compressors, process gas turbines, radial expanders; machine sets composed of the above turbines and compressors; process gas screw compressors (not for land vehicles), screw expanders (not for land vehicles); industrial steam turbines, industrial gas turbines, except turbines for land vehicles; machines for power generation composed of the above-mentioned compressors and turbines; gear units (excluding land vehicles), in particular industrial gear units for cement and petrochemical plants, for the plastics and steel industries, for wind energy; spur and planetary gear units for turbomachinery; marine gear units with diesel engine and/or turbine drive; sliding bearings (machine parts), in particular for electrical machines, blowers, compressors, pumps, ships; machines for the chemical industry, especially reactors for catalytic gas phase reactions; hydrotreaters (machines for the pretreatment of liquid media); machines for use in the physical field, namely exothermic and endothermic processes, especially gas phase processes; self-erecting building tower cranes, in particular with trolley or luffing jibs, fast erecting cranes and tower cranes revolving at base; machine tools; conveyor machines, especially for bulk goods; gearboxes for electronic machines; excavators, bucket wheel and bucket chain excavators; driving machines (except those for land-based vehicles); industrial machines and their parts; machines and structures for space centers; (controllable) couplings for industrial machines and ships; sliding bearings and torque converters for industrial machines; packaging machines for printed products.

Cl.09. Scientific, research, navigational, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media; empty digital or analogue recording and storage media; information technology and audiovisual equipment; recorded data; batteries and their parts; electronic data storage media, databases, databases [electronic]; recorded media; remote control apparatus; software; hardware; computers; communications equipment; computer networking and data communications devices and equipment; data processing devices and equipment and accessories [electrical and mechanical]; navigation, guidance, tracking, targeting and mapping devices; measuring, detecting and monitoring instruments, equipment and controllers; fire trucks; telematic apparatus and systems; bags adapted for mobile phones; protective cases for cell phones; bags adapted for computers; protective cases for computers; sunglasses; cases for sunglasses; power

banks; chargers; USB flash drives; electric signboards; electrical, electronic, mechanical and optical indicating, monitoring, signalling and all-round vision apparatus for land vehicles, included in this class; optical mirrors, electronic cameras and systems composed thereof with image display devices; device for optically detecting obstacles in front of, to the side and to the rear of the vehicle, and devices consisting of electronic measuring, warning and image capturing apparatuses for detecting obstacles in front of, to the side and to the rear of the vehicle; electronic keys for vehicles; information systems in motor vehicles; display and operating systems for control, air-conditioning, navigation and entertainment apparatus in motor vehicles; electronic control systems for vehicle-related electronic systems, navigation systems, radios, CD players, DVD players, MP3 and streaming devices, infotainment systems, media systems, multi-touch display screens, voice-controlled apps, telephone and navigation systems; smartphone and tablet holders; software suitable to access vehicle information; electronic controls for internal combustion engines, electric motors and hydrogen propulsion systems for land vehicles; acid hydrometers; electrical fuses; electrical relays; navigation equipment; antennas; radios; televisions; recorded computer programs and software and data collections; CD players; DVD players; MP3 and streaming devices; infotainment systems; media systems; multi-touch display screens; voice-controlled apps, telephone and navigation systems; apparatus and instruments for accumulating and storing electricity; charging stations and equipment for land vehicles, hydrogen-powered vehicles, fuel cell vehicles; charging stations for electric vehicles; fuel cells and their parts; accumulators for vehicles; apparatus for storing, transmitting and archiving messages and data related to vehicles, fleet management, logistics, fueling stations, fuel management, electricity management, hydrogen management and vehicle rental; ultracapacitors for energy storage; hydrogen-filled ultracapacitors for energy storage and generation; accumulator boxes; electric accumulators for vehicles; computer digital maps; automatic steering equipment for vehicles, namely computer hardware and downloadable operating software for steering vehicles; radar apparatus; lasers, not for medical purposes; laser apparatus for measuring the distance to objects; laser equipment for non-medical purposes; laser measuring systems; laser detectors for use in vehicles; lasers for measuring purposes; LIDAR apparatus; temperature and environmental sensors to measure the presence of objects in the environment as well as the speed, trajectory and course of objects; vehicle sensors, namely temperature and environmental sensors to measure the presence of objects in the environment as well as the speed, trajectory and course of objects; sensors for determining position, speed, direction of travel and acceleration; cameras; cameras for use in vehicles; vehicle safety and detection equipment, namely radio modules, sensor covers, displays for the detection of speed, of objects as well as their speed and velocity, of object trajectory and course, electronic signal transmitters and receivers, brake controls; vehicle detection equipment in the form of monitoring devices for vehicles, in particular by means of receivers based on the Global Positioning System [GPS]; equipment for monitoring vehicle functions, including speed, route and control units, devices for monitoring in relation to the presence of objects in the vicinity of vehicles; tyre balancing units for motor vehicles, especially for trucks and buses; predictive maintenance software; electric batteries for vehicles; batteries for electric vehicles.

Cl.12. Vehicles and means of conveyance; driverless vehicles [autonomous vehicles]; trucks and their parts; buses with diesel, gas, hydrogen or electric drive units, and parts therefor; trucks with diesel, gas, hydrogen or electric drive units, and parts therefor; special-purpose vehicles, in particular platform trucks, dumping trucks or semitrailer towing trucks and parts therefor; driving motors, namely four-wheel drives for land-based vehicles; engines for land-based vehicles, in particular gas, diesel, hydrogen and electric engines; chassis, also suitable for off-road use, for vehicles; body and frame parts for motor vehicles; gearboxes for land-based vehicles, in particular chain-driven vehicle mechanisms; (controllable) couplings for rail-bound vehicles, gear wheels (except engine parts), (controllable) couplings, sliding bearings and torque converters for land-based vehicles and/or water vehicles; parts and accessories for vehicles and means of conveyance; drones; parts and accessories for drones; driving units, including engines and power units, for land vehicles, as well as accessories and their parts; electrical, electronic, mechanical and optical display, monitoring and all-round vision devices for land vehicles, as far as included in this class; reversing alarms for vehicles; seat covers

for vehicles; crankcases for land vehicle components, other than for engines; motor mounts; cardan shafts; motor vehicles; commercial vehicles; trucks; trucks, transporters and load carriers; buses and coaches; commercial vehicles mounted on truck chassis; commercial vehicle trailers and semitrailers; all the above mentioned vehicles also as used vehicles; batteries as parts of commercial vehicles; engines and motors with electric, solar, hybrid, geothermal and gas systems.

Cl.35. Advertising; marketing; advertising of any kind using all available media such as TV, radio, press, internet and means such as promotional films, placards, photographs, posters, pictures, printed matter, leaflets, brochures, catalogues, calendars, mobile and fixed advertising media, data sheets, instructions for use and operating manuals for products, in particular new and used commercial vehicles, trucks, vans and load carriers, buses and coaches, commercial vehicle trailers and semi-trailers, as well as for services related to the trade and sale, distribution, maintenance, repair, care and use of products, in particular new and used commercial vehicles, trucks, vans and load carriers, buses and coaches, commercial vehicle trailers and semi-trailers; provision of commercial business information by means of computer databases; collection and systematization of business data; administrative data processing; retail services relating to motor vehicles, commercial vehicles, trucks, vans and load carriers, buses and coaches, commercial vehicles based on truck chassis frames, trailers and semi-trailers for commercial vehicles, all the aforementioned vehicles also as used vehicles; provision of commercial information relating to motor vehicles, commercial vehicles, trucks, vans and load carriers, buses and coaches, commercial vehicles based on truck chassis frames, trailers and semi-trailers for commercial vehicles, all the aforementioned vehicles also as used vehicles; provision of commercial information via worldwide computer networks in relation to motor vehicles, commercial vehicles, trucks, vans and load carriers, buses and coaches, commercial vehicles based on truck chassis frames, trailers and semi-trailers for commercial vehicles, all the aforementioned vehicles also as used vehicles; administration of consumer loyalty programs; provision of commercial information and provision of commercial information and advice to consumers on the choice of products and services; commercial and consumer information services, namely, intermediation services, organising business contacts, collective purchasing services, commercial evaluation services, preparation of competitions, agency services, import and export agency services, negotiation and intermediation services, ordering services, price comparison services, procurement services for third parties, subscription services; retail services in relation to chemicals used in industry and science, as well as in agriculture, horticulture and forestry, hydrogen; retail services in relation to fuels and lubricants for internal combustion engines, industrial oils, industrial grease, fuels [including motor spirit], oils and greases for automobiles, motor oil; retail services in relation to bottle closures (of metal), crates of metal, vaults and safes of metal, metallic flags, signboards of metal; retail services in relation to engines and their parts, drives and their parts, machine parts and controls for the operation of machines and engines, electricity generators, pumps, compressors and blowers, construction machines and their parts, fuel dispensing pumps for fuel stations, hydrogen dispensing pumps for fuel stations; retail services in relation to knives, pen knives, multifunctional tool, screwdrivers, non-electric, scissors, saws [hand tools], pliers; retail services in relation to scientific, research, navigational, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments, apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity, apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data, recorded and downloadable media, empty digital or analogue recording and storage media, information technology and audiovisual equipment, recorded data, batteries and their parts, databases [electronic], recorded media, remote control apparatus, software, hardware, computers, communications equipment, computer networking and data communications devices and equipment, data processing devices and equipment and accessories [electrical and mechanical], navigation, guidance, tracking, targeting and mapping devices, measuring, detecting and monitoring instruments, equipment and controllers, fire trucks, telematic apparatus and systems, bags adapted for mobile phones, protective cases for cell phones, bags adapted for computers, protective cases for computers, sunglasses, cases for sunglasses, power banks, chargers, USB flash drives, electric signboards,

electrical, electronic, mechanical and optical indicating, monitoring, signalling and all-round vision apparatus for land vehicles, optical mirrors, electronic cameras and systems composed thereof with image display devices, device for optically detecting obstacles in front of, to the side and to the rear of the vehicle, and devices consisting of electronic measuring, warning and image capturing apparatuses for detecting obstacles in front of, to the side and to the rear of the vehicle, electronic keys for vehicles, information systems in motor vehicles, display and operating systems for control, air-conditioning, navigation and entertainment apparatus in motor vehicles, electronic control systems for vehicle-related electronic systems, navigation systems, radios, CD players, DVD players, MP3 and streaming devices, infotainment systems, media systems, multi-touch display screens, voice-controlled apps, telephone and navigation systems, smartphone and tablet holders, software suitable to access vehicle information, electronic controls for internal combustion engines, electric motors and hydrogen propulsion systems for land vehicles, acid meters, electrical fuses, electrical relays, navigation equipment, antennas, radios, televisions, recorded computer programs and software and data collections, CD players, DVD players, MP3 and streaming devices, infotainment systems, media systems, multi-touch display screens, voice-controlled apps, telephone and navigation systems, apparatus and instruments for accumulating and storing electricity, charging stations and equipment for land vehicles, hydrogen-powered vehicles, fuel cell vehicles, charging stations for electric vehicles, fuel cells and their parts, accumulators for vehicles, apparatus for storing, transmitting and archiving messages and data related to vehicles, fleet management, logistics, fueling stations, fuel management, electricity management, hydrogen management and vehicle rental, ultracapacitors for energy storage, hydrogen-filled ultracapacitors for energy storage and generation, accumulator boxes, electric accumulators for vehicles, computer digital maps, automatic steering equipment for vehicles, namely computer hardware and downloadable operating software for steering vehicles, radar apparatus, lasers, not for medical purposes, laser apparatus for measuring the distance to objects, laser equipment for non-medical purposes, laser measuring systems, laser detectors for use in vehicles, lasers for measuring purposes, LIDAR apparatus, temperature and environmental sensors to measure the presence of objects in the environment as well as the speed, trajectory and course of objects, vehicle sensors, namely temperature and environmental sensors to measure the presence of objects in the environment as well as the speed, trajectory and course of objects, sensors for determining position, speed, direction of travel and acceleration, cameras, cameras for use in vehicles, vehicle safety and detection equipment, namely radio modules, sensor covers, displays for the detection of speed, of objects as well as their speed and velocity, of object trajectory and course, electronic signal transmitters and receivers, brake controls, vehicle detection equipment in the form of monitoring devices for vehicles, in particular by means of receivers based on the Global Positioning System [GPS], equipment for monitoring vehicle functions, including speed, route and control units, devices for monitoring in relation to the presence of objects in the vicinity of vehicles; retail services in relation to electric torches, lighting and lighting reflectors for vehicles; retail services relating to vehicles and means of conveyance, driverless vehicles [autonomous vehicles], parts and accessories for vehicles and means of conveyance, motorbikes, parts and accessories for motorbikes, drones, parts and accessories for drones, driving units, including engines and power units, for land vehicles, as well as accessories and their parts, bicycles, parts and accessories for bicycles, electrical, electronic, mechanical and optical display, monitoring and all-round vision devices for land vehicles, reversing alarms for vehicles, seat covers for vehicles; retail services in relation to key rings, pins [jewelry], brooches, cufflinks, clocks, watches; retail services in relation to printed matter relating to vehicles, engines and their parts, notebooks, office machines, bags, pouches of paper, cardboard or plastic, writing instruments, printed vouchers, calendars, paper signboards; retail services in relation to bags, sanitary bags, toilet bags, bags for sports, suitcases, rucksacks, pocket wallets, umbrellas, parasols, courier bags, purses; retail services in relation to bottle closures (not of metal), easy chairs, signboards of plastic; retail services in relation to mugs, cups, drinking bottles, glasses, jugs, vacuum jugs, drinking vessels and accessories, dishes and containers for dishes; retail services in relation to towels of textile, bed linen, flags of textile or plastic; retail services in relation to clothing, footwear, headwear; retail services related to ornamental novelty buttons, badges; retail services in relation to toys and toy models, balls for games, video game apparatus, model vehicles; wholesale services in relation to chemicals used in

industry and science, as well as in agriculture, horticulture and forestry, hydrogen; wholesale services in relation to fuels and lubricants for internal combustion engines, industrial oils, industrial grease, fuels [including motor spirit], oils and greases for automobiles, motor oil; wholesale services in relation to bottle closures (of metal), crates of metal, vaults and safes of metal, metallic flags, signboards of metal; wholesale services in relation to engines and their parts, drives and their parts, machine parts and controls for the operation of machines and engines, electricity generators, pumps, compressors and blowers, construction machines and their parts, fuel dispensing pumps for fuel stations, hydrogen dispensing pumps for fuel stations; wholesale services in relation to knives, pen knives, multifunctional tool, screwdrivers, scissors, saws, pliers; wholesale services in relation to scientific, research, navigational, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments, apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity, apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data, recorded and downloadable media, empty digital or analogue recording and storage media, information technology and audiovisual equipment, recorded data, batteries and their parts, databases [electronic], recorded media, remote control apparatus, software, hardware, computers, communications equipment, computer networking and data communications devices and equipment, data processing devices and equipment and accessories [electrical and mechanical], navigation, guidance, tracking, targeting and mapping devices, measuring, detecting and monitoring instruments, equipment and controllers, fire trucks, telematic apparatus and systems, bags adapted for mobile phones, protective cases for cell phones, bags adapted for computers, protective cases for computers, sunglasses, cases for sunglasses, power banks, chargers, USB flash drives, electric signboards, electrical, electronic, mechanical and optical indicating, monitoring, signalling and all-round vision apparatus for land vehicles, optical mirrors, electronic cameras and systems composed thereof with image display devices, device for optically detecting obstacles in front of, to the side and to the rear of the vehicle, and devices consisting of electronic measuring, warning and image capturing apparatuses for detecting obstacles in front of, to the side and to the rear of the vehicle, electronic keys for vehicles, information systems in motor vehicles, display and operating systems for control, air-conditioning, navigation and entertainment apparatus in motor vehicles, electronic control systems for vehicle-related electronic systems, navigation systems, radios, CD players, DVD players, MP3 and streaming devices, infotainment systems, media systems, multi-touch display screens, voice-controlled apps, telephone and navigation systems, smartphone and tablet holders, software suitable to access vehicle information, electronic controls for internal combustion engines, electric motors and hydrogen propulsion systems for land vehicles, acid meters, electrical fuses, electrical relays, navigation equipment, antennas, radios, televisions, recorded computer programs and software and data collections, CD players, DVD players, MP3 and streaming devices, infotainment systems, media systems, multi-touch display screens, voice-controlled apps, telephone and navigation systems, apparatus and instruments for accumulating and storing electricity, charging stations and equipment for land vehicles, hydrogen-powered vehicles, fuel cell vehicles, charging stations for electric vehicles, fuel cells and their parts, accumulators for vehicles, apparatus for storing, transmitting and archiving messages and data related to vehicles, fleet management, logistics, fueling stations, fuel management, electricity management, hydrogen management and vehicle rental, ultracapacitors for energy storage, hydrogen-filled ultracapacitors for energy storage and generation, accumulator boxes, electric accumulators for vehicles, computer digital maps, automatic steering equipment for vehicles, namely computer hardware and downloadable operating software for steering vehicles, radar apparatus, lasers, not for medical purposes, laser apparatus for measuring the distance to objects, laser equipment for non-medical purposes, laser measuring systems, laser detectors for use in vehicles, lasers for measuring purposes, LIDAR [Light Detection And Ranging] apparatus, temperature and environmental sensors to measure the presence of objects in the environment as well as the speed, trajectory and course of objects, vehicle sensors, namely temperature and environmental sensors to measure the presence of objects in the environment as well as the speed, trajectory and course of objects, sensors for determining position, speed, direction of travel and acceleration, cameras [photography], cameras for use in vehicles, vehicle safety and

detection equipment, namely radio modules, sensor covers, displays for the detection of speed, of objects as well as their speed and velocity, of object trajectory and course, electronic signal transmitters and receivers, brake controls, vehicle detection equipment in the form of monitoring devices for vehicles, in particular by means of receivers based on the Global positioning System [GPS], equipment for monitoring vehicle functions, including speed, route and control units, devices for monitoring in relation to the presence of objects in the vicinity of vehicles; wholesale services in relation to electric torches, lighting and lighting reflectors for vehicles; wholesale services in relation to vehicles and means of conveyance, driverless vehicles [autonomous vehicles], parts and accessories for vehicles and means of conveyance, motorbikes, parts and accessories for motorbikes, drones, parts and accessories for drones, driving units, including engines and power units, for land vehicles, as well as accessories and their parts, bicycles, parts and accessories for bicycles, electrical, electronic, mechanical and optical display, monitoring and all-round vision devices for land vehicles, reversing alarms for vehicles, seat covers for vehicles; wholesale services in relation to key rings, pins, brooches, cufflinks, clocks, watches; wholesale services in relation to printed matter relating to vehicles, engines and their parts, notebooks, office machines, bags, pouches of paper, cardboard or plastic, writing instruments, printed vouchers, calendars, paper signboards; wholesale services in relation to bags, sanitary bags, toilet bags, bags for sports, suitcases, rucksacks, pocket wallets, umbrellas, parasols, courier bags, purses; wholesale services in relation to bottle closures (not of metal), easy chairs, signboards of plastic; wholesale services in relation to mugs, cups, drinking bottles, glasses, jugs, vacuum jugs, drinking vessels and accessories, dishes and containers for dishes; wholesale services in relation to towels of textile, bed linen, flags of textile or plastic; wholesale services in relation to clothing, footwear, headwear; wholesale services in relation to ornamental novelty buttons, badges; wholesale services in relation to toys and toy models, balls for games, video game apparatus, model vehicles; online retail services in relation to chemicals used in industry and science, as well as in agriculture, horticulture and forestry, hydrogen; online retail services in relation to fuels and lubricants for internal combustion engines, industrial oils, industrial grease, fuels [including motor spirit], oils and greases for automobiles, motor oil; online retail services in relation to bottle closures (of metal), crates of metal, vaults and safes of metal, metallic flags, signboards of metal; online retail services in relation to engines and their parts, drives and their parts, machine parts and controls for the operation of machines and engines, electricity generators, pumps, compressors and blowers, construction machines and their parts, fuel dispensing pumps for fuel stations, hydrogen dispensing pumps for fuel stations; online retail services in relation to knives, pen knives, multifunctional tool, screwdrivers, scissors, saws, pliers; online retail services in relation to scientific, research, navigational, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments, apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity, apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data, recorded and downloadable media, empty digital or analogue recording and storage media, information technology and audiovisual equipment, recorded data, batteries and their parts, databases [electronic], recorded media, remote control apparatus, software, hardware, computers, communications equipment, computer networking and data communications devices and equipment, data processing devices and equipment and accessories [electrical and mechanical], navigation, guidance, tracking, targeting and mapping devices, measuring, detecting and monitoring instruments, equipment and controllers, fire trucks, telematic apparatus and systems, bags adapted for mobile phones, protective cases for cell phones, bags adapted for computers, protective cases for computers, sunglasses, cases for sunglasses, power banks, chargers, USB flash drives, electric signboards, electrical, electronic, mechanical and optical indicating, monitoring, signalling and all-round vision apparatus for land vehicles, optical mirrors, electronic cameras and systems composed thereof with image display devices, device for optically detecting obstacles in front of, to the side and to the rear of the vehicle, and devices consisting of electronic measuring, warning and image capturing apparatuses for detecting obstacles in front of, to the side and to the rear of the vehicle, electronic keys for vehicles, information systems in motor vehicles, display and operating systems for control, air-conditioning, navigation and entertainment apparatus in motor vehicles, electronic control

systems for vehicle-related electronic systems, navigation systems, radios, CD players, DVD players, MP3 and streaming devices, infotainment systems, media systems, multi-touch display screens, voice-controlled apps, telephone and navigation systems, smartphone and tablet holders, software suitable to access vehicle information, electronic controls for internal combustion engines, electric motors and hydrogen propulsion systems for land vehicles, acid meters, electrical fuses, electrical relays, navigation equipment, antennas, radios, televisions, recorded computer programs and software and data collections, CD players, DVD players, MP3 and streaming devices, infotainment systems, media systems, multi-touch display screens, voice-controlled apps, telephone and navigation systems, apparatus and instruments for accumulating and storing electricity, charging stations and equipment for land vehicles, hydrogen-powered vehicles, fuel cell vehicles, charging stations for electric vehicles, fuel cells and their parts, accumulators for vehicles, apparatus for storing, transmitting and archiving messages and data related to vehicles, fleet management, logistics, fueling stations, fuel management, electricity management, hydrogen management and vehicle rental, ultracapacitors for energy storage, hydrogen-filled ultracapacitors for energy storage and generation, accumulator boxes, electric accumulators for vehicles, computer digital maps, automatic steering equipment for vehicles, namely computer hardware and downloadable operating software for steering vehicles, radar apparatus, lasers, not for medical purposes, laser apparatus for measuring the distance to objects, laser equipment for non-medical purposes, laser measuring systems, laser detectors for use in vehicles, lasers for measuring purposes, LIDAR apparatus, temperature and environmental sensors to measure the presence of objects in the environment as well as the speed, trajectory and course of objects, vehicle sensors, namely temperature and environmental sensors to measure the presence of objects in the environment as well as the speed, trajectory and course of objects, sensors for determining position, speed, direction of travel and acceleration, cameras, cameras for use in vehicles, vehicle safety and detection equipment, namely radio modules, sensor covers, displays for the detection of speed, of objects as well as their speed and velocity, of object trajectory and course, electronic signal transmitters and receivers, brake controls, vehicle detection equipment in the form of monitoring devices for vehicles, in particular by means of receivers based on the Global positioning System [GPS], equipment for monitoring vehicle functions, including speed, route and control units, devices for monitoring in relation to the presence of objects in the vicinity of vehicles; online retail services in relation to electric torches, lighting and lighting reflectors for vehicles; online retail services in relation to vehicles and means of conveyance, driverless vehicles [autonomous vehicles], parts and accessories for vehicles and means of conveyance, motorbikes, parts and accessories for motorbikes, drones, parts and accessories for drones, driving units, including engines and power units, for land vehicles, as well as accessories and their parts, bicycles, parts and accessories for bicycles, electrical, electronic, mechanical and optical display, monitoring and all-round vision devices for land vehicles, reversing alarms for vehicles, seat covers for vehicles; online retail services in relation to key rings, pins, brooches, cufflinks, clocks, watches; online retail services in relation to printed matter relating to vehicles, engines and their parts, notebooks, office machines, bags, pouches of paper, cardboard or plastic, writing instruments, printed vouchers, calendars, paper signboards; online retail services in relation to bags, sanitary bags, toilet bags, bags for sports, suitcases, rucksacks, pocket wallets, umbrellas, parasols, courier bags, purses; online retail services in relation to bottle closures (not of metal), easy chairs, signboards of plastic; online retail services in relation to mugs, cups, drinking bottles, glasses, jugs, vacuum jugs, drinking vessels and accessories, dishes and containers for dishes; online retail services in relation to towels of textile, bed linen, flags of textile or plastic; online retail services in relation to clothing, footwear, headwear; online retail services in relation to ornamental novelty buttons, badges; online retail services in relation to toys and toy models, balls for games, video game apparatus, model vehicles; merchandising; business management; commercial management of fuel stations on behalf of third parties; commercial management of charging stations for land vehicles, hydrogen and fuel cell vehicles; managing the commercial affairs related to the purchase, sale and supply of energy; management of the commercial business related to charging stations and infrastructure for hydrogen-powered land vehicles with fuel cell driving units; commercial advisory services and collection of commercial information on energy consumption (improvement and control of energy consumption); business consultancy, management, organization and administration services in the field of vehicle

fleet management; subscription services for fuel stations, in particular for charging stations for land vehicles, fuel cells and hydrogen-powered vehicles.

Cl.37. Vehicle service, repair, maintenance and fueling; installation, maintenance and repair work relating to engines and their parts, drives and their parts, machines and their parts, machine parts and controls for the operation of machines and engines, electric generators, pumps, compressors and blowers, construction machines and their parts; installation, maintenance and repair work relating to recorded data, databases [electronic], recorded media, software, hardware, information technology and audio-visual equipment, communications equipment, computer network and data communications equipment and apparatus, data processing equipment and apparatus and accessories [electrical and mechanical], navigation, orientation, tracking, targeting and mapping equipment, measuring, detection and monitoring instruments, devices and controllers; installation, maintenance and repair work relating to vehicles and means of transport, parts and accessories for vehicles, driving units, including engines and power units, for land vehicles; providing information relating to the repair or maintenance of fuel station equipment; providing self-service car washing facilities; repair, maintenance of fuel station equipment; vehicle breakdown services (repair); charging services for hydrogen-powered fuel cell vehicles; battery charging services; hydrogen filling station and supply; filling and supply station for green hydrogen; fuel filling services; services relating to recharging of battery-powered vehicles, fuel cell and hydrogen vehicles; installation, repair, maintenance of hydrogen supply and charging systems for batteries and vehicles; installation, repair, maintenance of batteries, fuel cells and hydrogen storage systems; construction, maintenance, repair and servicing of plants, systems, infrastructure and charging stations for hydrogen-powered fuel cell vehicles and for battery-powered vehicles; intelligent charging services for vehicles; vehicle upholstery service; charging of electric vehicles; recharging of batteries and accumulators; charging of batteries and power storage devices, and rental of equipment therefor.
