[591] The applicant claims that there is no colour limitation.

[526] No claim is made to the exclusive right to use the non-latin characters that transliterate to "CHA" apart from the mark as shown.

[531] 28.3.0

[571] The mark is an invented mark.

[561][566]

The transliteration of the two Chinese Characters “茶舞” in the mark is “CHA WU” respectively.
The translation of the two Chinese characters “茶舞” in the mark is that “CHA” means “TEA”, “WU” means “DANCE”, and it has no meaning as a whole.

computer software, computer programs and computer software applications (recorded or downloadable) for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, which allows users of the appropriate B2B (business-to-business) computer software platform to carry out the process of implementation, management, maintenance, support, monitoring and control of business activities regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, namely by initiation of financial transactions, their authentication and security control, further monitoring of account statements, processing status and history of payments, integration and setting up the payment solutions and payment methods for the purposes of purchase/sale of services in the above-mentioned area; detached integrable and interchangeable software modules that are part of the platform for gambling, betting, wagering, lotteries, casinos, card games, educational games, games where the result depends on mastery, skill of the player, and other games of chance, which allows to carry out the process of management of online promotion and advertising activities through the creation, editing, customization, language and geographic localization and personalization of content, optimization of search engines and websites, creation, editing, customization, language and geographic localization and personalization of targeted and retargeted online advertising and its further distribution by electronic communications networks; complex CRM (Customer Relationship Management) systems being computer software, computer programs, computer operating programs and computer software applications (recorded or downloadable) for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, which allows users of the appropriate B2B (business-to-business) computer software platform to carry out the process of implementation, management, maintenance, support, monitoring and control of business activities regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, namely by managing of social interactions between people related to business relationships, including, but not limited to, through the collecting and recording contact information of buyers, sellers and third parties, transmission of messages and establishing communication between sellers and buyers, setting up the 24-hour multi-lingual communication between buyers, sellers and technical support service for the purposes of eliminating technical malfunctions and solving problems of a different nature; detached integrable and interchangeable software modules that are part of the platform for gambling, betting, wagering, lotteries, casinos, card games, educational games, games, where the result depends on

mastery, skill of the player and other games of chance, which allows to carry out the process of management of marketing activities through the collection, structuring and analysis of customers data, their preferences and behavior, the level of loyalty based on their segmentation by demographic, geographic and other indicators for the purposes of forming a pricing system, collection, structuring and analysis of detailed statistics and electronic reporting concerning marketing data regarding sales efficiency and conversion, control of cash flows, operational indicators and other data using any metrics; complex back office systems being computer software, computer programs and computer software applications (recorded or downloadable) for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, which allows users of the appropriate B2B (business-to-business) computer software platform to carry out the process of implementation, management, maintenance, support, monitoring and control of business activities regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, namely by managing of internal processes, including, but not limited to, through the analysis of available databases with the information data and the list of complex and individual offers, available for implementation in the above-mentioned area; computer software, computer programs and computer software applications (recorded or downloadable) for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, which allows users of the appropriate B2B (business-to-business) computer software platform to carry out the process of implementation, management, maintenance, support, monitoring and control of business activities regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, namely by creating incentive systems and loyalty programs for the purposes of increasing the involvement, maintaining the interest of players and their retention, including, but not limited to, through the setting up the bonus tools, typical for the above-mentioned area, including, but not limited to, welcome bonus, deposit bonus, jackpots, consolation prizes, promo codes, free spins, free bets, bet refunds, progressive multipliers, cashback systems, achievement bonuses, completing challenges, participating in tournaments; computer software, computer programs and computer software applications (recorded or downloadable) for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, which allows users of the appropriate B2B (business-to-business) computer software platform to carry out the process of implementation, management, maintenance, support, monitoring and control of business activities regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, namely by creating of personalized partner and agent networks, setting up the conditions and amounts of payment of commissions and partnership deductions, collection, structuring and analysis of statistical data and reporting about the aspects of functioning process of relevant networks, setting up the 24-hour multi-lingual communication between network participants; computer software, computer programs, computer operating programs and computer software applications (recorded or downloadable), namely the complex API interfaces for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, which allows users of the appropriate B2B (business-to-business) computer software platform to carry out the process of integration of the new structural components into the existing business in the field of online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; complex B2B (business-to-business) computer software platform for personal computers, notebooks, mobile phones, smartphones, tablet computers, other

smart devices, connected to the Internet, recorded or downloadable, in the form of a turnkey technological solution, containing one or more applications with functional and graphical elements for the implementation, management, maintenance, support, monitoring and control of business activities regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; computer software, computer programs, computer operating programs, computer software platforms and computer software applications (recorded or downloadable) for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, which is intended for the providing transmission of multimedia files, namely video files, audio files, image files and text files between users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; computer software, computer programs, computer operating programs, computer software platforms and computer software applications (recorded or downloadable) for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, which is intended for the providing the streaming process (via wireless means) of electronic multimedia data, namely video data and text data for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; computer software, computer programs, computer operating programs, computer software platforms and computer software applications (recorded or downloadable) for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, which is intended for the providing the possibility of making a request for receipt and subsequent receipt of electronic multimedia data, namely video data and text data for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; computer software, computer programs, computer operating programs, computer software platforms and computer software applications (recorded or downloadable) for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, which is intended for the generating and displaying the game sessions results, coefficients, chances of occurrence of one or another situation, the amount of winnings and other financial statistics for the online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; none of the aforesaid in the field of advertising technology campaigns, bidding for ad-space, selling of ad-space, computerised advertising banners, bidding optimisation, or embedding online advertising on websites.

Cl.35. Business organization and administration for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets

on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; providing business information via a websites for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; providing commercial information and advice for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, regarding the choice of goods/services; providing commercial information and advice in the choice of products and services based on the collected opinion of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, esports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; website traffic optimization for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; procurement services for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player (purchasing goods and services for other businesses); none of the aforementioned in relation to advertising.

Cl.38. Telecommunications services for providing access to the B2B (business-to-business) computer software platform and related electronic multimedia data (video files, audio files, image files and text files), which are intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, using personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet; providing information in the field of telecommunications, which is used in the implementation, management, maintenance, support, monitoring and control of the functioning process regarding the B2B (business-to-business) computer software platform for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, using personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices,

connected to the Internet; providing access to secured and personalized electronic accounts of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, using personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, including, but not limited to, information about the contact details and requisites of customers, list of completed business operations and the processing status of current orders, statements of accounts, list of completed contactless payments and the processing status of contactless payments regarding the purchase/sale of services in the above-mentioned area, available payment solutions and payment methods; providing access to information databases for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, using personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, including, but not limited to, list of available complex and individual offers in the above-mentioned area, back office tools, including, but not limited to, collection and analysis of detailed statistics and reporting using any metrics, control of cash flows, operational indicators and other financial data, CMS and CRM systems; providing 24-hour multi-lingual communications services, namely, providing internet chatrooms and online forums (including individual) for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, using personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet; providing 24-hour multi-lingual communications services, namely, providing internet chatrooms and online forums (including individual), data communication by email and provision of telecommunications connections for hotlines to connect users and the technical support service of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, using personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, including, but not limited to, processing status of contactless payments, administration, authentication and security control of contactless payments regarding the purchase/sale of services in the above-mentioned area, features and aspects of the implementation of available complex and individual offers in the above- mentioned area, back office, CMS and CRM systems, setting up, updating, optimization and troubleshooting in the functioning of all platform components; telecommunications services, related to ensuring the upload of multimedia files, namely video files, audio files, image files and text files for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of

the player, using personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet; streaming of multimedia data (via wireless means), namely, streaming of video data and text data for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, using personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet and streaming of data relating to live broadcasts of events and the game sessions process, statistical data regarding the list of events, coefficients, chances of occurrence of one or another situation, the amount of winnings, other financial statistics, as well as the results of current events and game sessions; telecommunications services, related to providing access for receiving electronic multimedia data on demand, namely video data and text data for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player, using personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, including, but not limited to, broadcasts of events and the game sessions process that have already taken place, statistical data regarding the list of events, coefficients, chances of occurrence of one or another situation, the amount of winnings, other financial statistics, as well as the results of current events and game sessions that have already taken place; none of the aforementioned in relation to advertising.

Cl.42. Technological services and research and design, which are related to computer software, computer programs, computer operating programs, computer software platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, and their usage by users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; authentication services for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; design and development of computer software, computer programs, computer operating programs, computer software platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, for their further usage by users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; computer system analysis for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the

functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; computer system analysis of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; recovery of computer data of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; off-site backup of data of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; research and development of new products for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; research in the field of telecommunications technology for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; duplication of computer software, computer programs, computer operating programs, computer software platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, for their further usage by users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; electronic storage of data of users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; electronic monitoring of personally identifying information to detect theft of data of users of the B2B (business-to-business) computer software platform via the internet, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events,

and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; electronic monitoring of credit card activity to detect fraud relating to personal data, including financial data, of users of the B2B (business-to-business) computer software platform via the internet, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; providing virtual computer systems through cloud computing for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; providing information relating to computer technology and programming via a website for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; providing search engines for the internet for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; installation of computer software, computer programs, computer operating programs, computer software platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, for their further usage by users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; information technology services provided on an outsourcing basis for users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; computer programming for the purposes of further creating of computer software, computer programs, computer operating programs, computer software platforms and computer software applications for personal computers, notebooks, mobile phones, smartphones, tablet computers, other smart devices, connected to the Internet, and their usage by users of the B2B (business-to-business) computer software platform, which is intended for the implementation, management, maintenance, support, monitoring and control of the functioning process regarding online portals for placing bets on various events, including, but not limited to, traditional sports, e-sports, computer simulations of real sports events, non-sports events, and online gambling portals, including, but not limited to, casinos, electronic gaming machines, card games, lotto, lotteries, games where the result depends on mastery, skill of the player; conversion of computer software, computer programs, computer operating programs, computer software platforms and computer software
